

Naloxone Administration by Ohio EMS Providers, 2012-2023^{1,2,3,4,5,6,7,8}

Summary Brief as May 30, 2023

Source: Ohio Department of Public Safety, Division of Emergency Medical Services, EMS Incidence Reporting System (EMSIRS).

¹ 2020, 2021, and 2022 data are preliminary.

² Reported naloxone administration data for “Out of Ohio” and “Blank/Unknown” counties and ZIP codes for CY2009 – CY2012 have been removed to eliminate data integrity concerns between multiple EMSIRS and national guidelines.

³ The data includes naloxone administrations where county was not recorded (blank/unknown/out of state): n = 57 (2020), n = 64 (2021), and n = 94 (2022), and n = 23 (2023).

⁴ Naloxone doses administered in out of state ZIP codes are excluded.

⁵ As of May 30, 2023, 837 of the 994 known transporting EMS agencies (84.2%) in 2023 reported data through the new EMSIRS.

⁶ As of May 30, 2023, 859 of the 997 known transporting EMS agencies (86.2%) in 2022 reported data through the new EMSIRS.

⁷ The accuracy of data reported to EMSIRS is limited by the number of individual EMS agencies submitting data and the accuracy of these submissions.

⁸ These data represent the total number of naloxone administrations recorded by EMS staff. They do not represent the total number of administrations provided in the entire state.
